Who We Are

Action For Singapore Dogs (www.asdsingapore.com) was started in Dec 2000 with 3 volunteers to help the stray and abandoned dogs in Singapore. There is simply not enough help for them out there, and many healthy dogs being rounded up daily are put to sleep, while the sick ones are never given the chance to be treated and live life again.

What We Do

ASD was formally registered as a non profit society in July 2002 and our mission is to improve the lives of all dogs in Singapore, especially the stray and abandoned dogs. Our objectives revolve around rescue and re-homing of the dogs out on the streets, advocating sterilization as a means of controlling the stray overpopulation, raising public awareness of the responsibilities of keeping pets and to highlight the virtues of our local cross breed dogs, affectionately known as the Singapore Special

Why We Do This

Our belief is that every animal deserves to live a life of happiness and love, just like us, and they need to be given that chance. We adhere to a strict policy of no-kill, where the lives of each and every one of the dogs under our care is precious and no dog is put down unless they are terminally ill and suffering, and all medical recourse has been exhausted

ASD being non-profit and non-commercial, relies on contributions from the public to help with the ever increasing medical and maintenance costs that are incurred every day. We have very low overheads and we are fully volunteer driven, so every precious cent goes towards the dogs to help them.

You can help by pledging an amount you are comfortable with by this GIRO application. Your contribution will help the dogs with their medical and maintenance needs, like food, boarding and medication. We hope you can spare a thought and the heart for the less fortunate who live day by day, not knowing what the future holds. Together we can shape their future and give them a second chance at life.....
